

GBS in Asia

Chairs : Bart Jacobs

Departments of Neurology and Immunology, Erasmus University Medical Center, Rotterdam, The Netherlands

Motoi Kuwahara

Department of Neurology, Kindai University Faculty of Medicine, Japan

EANF-01-1 The Clinical Variety of Korean Guillain-Barré Syndrome

Jong Kuk Kim

Department of Neurology, Dong-A University Medical Center / Peripheral Neuropathy Research Center, Dong-A University College of Medicine, Korea

EANF-01-2 Guillain-Barre syndrome in China

Liyang Cui

Peking Union Medical College Hospital, China

EANF-01-3 Guillain-Barré syndrome in Bangladesh - An overview

Md Badrul Islam

The International Centre for Diarrhoeal Disease Research, (icddr,b), Bangladesh / Department of Medical Microbiology and Infectious Diseases, Erasmus University Medical Centre, The Netherlands

Hot Topics in Neurology: EANF 2019 (1)

Chairs & Moderators :

Rou-Shayn Chen

Linkou Chang-Gung Memorial Hospital, Taiwan

Yung-Yang Lin

National Yang-Ming University, Taiwan

Ryosuke Takahashi

Department of Neurology, Kyoto University Graduate School of Medicine, Japan

EANF-02-1 Neurophysiological mechanisms of Parkinson's disease (PD)

Ritsuko Hanajima

Division of Neurology, Department of Brain and Neurosciences, Faculty of Medicine, Tottori University, Japan

EANF-02-2 Insights into GABAergic system alteration in Huntington's disease

Yi-ting Hsu

Neurology Department, China Medical University Hospital, Taiwan

EANF-02-3 Explore the Pathophysiology of Essential Tremor

Ming-Kai Pan

National Taiwan University Hospital, Taiwan / National Taiwan University, Taiwan

Hot Topics in Neurology: EANF 2019 (2)

Chairs & Moderators :

Liyang Cui

Peking Union Medical College Hospital, China

Bin Peng

Peking Union Medical College Hospital, China

Joung-Ho Rha

Inha University Hospital, Korea

Kwangsoo Lee

Catholic Medical Center, USA

Riki Matsumoto

Division of Neurology, Kobe University Graduate School of Medicine, Japan

EANF-03-1 Amyloid Spells—What do we know now?

Jun Ni

Peking Union Medical College Hospital, China

EANF-03-2 New therapeutic procedures for drug-resistant epilepsy

Yuping Wang

Xuanwu Hospital, Capital Medical University, China

EANF-03-3 Precision Medicine in the NeuroICU: Multimodality based approach

Sang-Bae Ko

Department of Neurology, Seoul National University Hospital, Korea

EANF-03-4 Neuromodulation for the treatment of migraine: a summary of current evidences

Mi Ji Lee

Department of Neurology, Samsung Medical Center, Sungkyunkwan University, Korea

EANF-03-5 Imaging remyelination by q-Space Myelin Map in multiple sclerosis and NMOSD

Jin Nakahara

Department of Neurology, Keio University School of Medicine, Japan
