Professor Shigeki Kuzuhara  
The Japanese Society of Neurology  
Ichimaru Building 2-31-21 Yushima  
Bunkyo-ku  
Tokyo 113  
Japan

Dear Professor Kuzuhara:

We are watching with distress the unfolding of the major disaster that has befallen Japan.

We know that Ryuji Kaji and his family are well. Regretfully that may not be true for some of the other members of the Japanese Neurological Society. The earthquake's aftermath is a living tragedy for those who lost family members, colleagues and friends.

If there is anything that we can do in these extremely difficult circumstances to help, please let us know.

With friendship and sympathy.

Vladimir Hachinski  
President  
World Federation of Neurology
