

G-01 May 20 (Wed) 13:15~15:15 Room5(Toki Messe302, 3F)

International point of view on the Japanese Clinical Guidelines for MG

Chairs: Hiroyuki Murai

(Department of Neurology, Kyushu University)

Makoto Matsui

(Department of Neurology, Kanazawa Medical University)

G-01-1 The Japanese MG clinical guideline: What's changed?

Speaker: Hiroyuki Murai

(Department of Neurology, Kyushu University)

G-01-2 The role of thymus in MG autoimmunity

Speaker: Sonia Berrih-Aknin

(Sorbonne Universités, UPMC - Inserm UMRS 974, CNRS FRE3617, Institute of Myology, France)

G-01-3 What's new in treatment strategies for MG in the new era

Speaker: Gil I. Wolfe

(Department of Neurology, University at Buffalo School of Medicine and Biomedical Sciences, the State University of New York, USA)

G-01-4 The new trend in MG treatment: What do patients expect?

Speaker: Kimiaki Utsugisawa

(Department of Neurology, Hanamaki General Hospital)

New Guideline 2

G-02 May 21 (Thu) 8:00~10:00 Room8(Toki Messe International Conference Hall, 4F)

New therapeutic strategies of ischemic stroke/TIA
recommended by the Japanese Guidelines for the
Management of Stroke 2015

Chairs: Kazunori Toyoda

(Department of Cerebrovascular Medicine, National Cerebral
and Cardiovascular Center)

Kazuo Minematsu

(Department of Cerebrovascular Medicine, National Cerebral
and Cardiovascular Center)

**G-02-1 Intravenous thrombolysis and antiplatelet therapy
for acute ischemic stroke**

Speaker: Masatoshi Koga

(Division of Stroke Care Unit, National Cerebral and
Cardiovascular Center)

**G-02-2 Prevention of recurrence of ischemic stroke with
antiplatelets /anticoagulants**

Speaker: Kortaro Tanaka

(Department of Neurology, Toyama University Hospital)

**G-02-3 Management of risk factors in patients with
ischemic stroke**

Speaker: Makoto Takagi

(Department of Neurology, Tokyo Saiseikai Central Hospital)

**G-02-4 Management of dyslipidemia update: Impact of J-
STARS**

Speaker: Masayasu Matsumoto

(Department of Neurology, Hiroshima University Hospital)

G-02-5 Transient ischemic attack as a medical emergency

Speaker: Yasushi Okada

(Department of Cerebrovascular Medicine and Neurology,
Clinical Research Institute, National Hospital Organization
Kyushu Medical Center)

G-02-6 Stroke rehabilitation

Speaker: Shigeru Sonoda

(Fujita Health University Nanakuri Sanatorium)

Sponsored by : Japanese Society of Neurological Therapeutics

The Japan Stroke Society

The Japanese Association of Rehabilitation Medicine

Supported by : The Japan Neurosurgical Society

New Guideline 3

G-03 May 22 (Fri) 13:30~15:30 Room1 (Toki Messe Main Hall A, 2F)

New diagnostic criteria of Alzheimer's disease and its clinical application

Chairs: Noriyuki Kimura

(Department of Neurology, Oita University, Faculty of Medicine)

Kenji Nakashima

(Division of Neurology, Department of Brain and Neurosciences, Faculty of Medicine, Tottori University)

G-03-1 Review of the new diagnostic criteria for Alzheimer's disease

Speaker: Mikio Shoji

(Department of Neurology, Hirosaki University)

G-03-2 Clinical features and diagnosis of typical AD and mixed AD

Speaker: Noriyuki Kimura

(Department of Neurology, Oita University, Faculty of Medicine)

G-03-3 Clinical characteristics of Posterior cortical atrophy

Speaker: Mitsuru Kawamura

(Department of Neurology, Showa University of Medicine)

G-03-4 Clinical Manifestations and Diagnosis of Preclinical AD.

Speaker: Kenji Ishii

(Tokyo Metropolitan Institute of Gerontology)

Sponsored by : Japan Society for Dementia Research
