

## International Educational Session 01

IE-01 May 18 (Wed) 13:15~15:15 Room22  
(Kobe International Conference Center [Meeting Room505] 5F)

### Multiple Sclerosis

Chairs: William M. Carroll

(Department of Neurology, Sir Charles Gairdner Hospital,  
Australia)

Dede Gunawan

(Department of Neurology, Padjadjaran University, Hasan  
Sadikin Hospital, Indonesia)

IE-01-1 Recent advances in the treatment of multiple  
sclerosis

Lecturer: William M. Carroll

(Department of Neurology, Sir Charles Gairdner Hospital,  
Australia)

IE-01-2 Epidemiology of Multiple Sclerosis in the Arab  
Region

Lecturer: Saeed Abdulla. Bohlega

(King Faisal Specialist Hospital & Research Centre, Saudi  
Arabia)

IE-01-3 Factors associated with susceptibility to and clinical  
features of multiple sclerosis in Japanese

Lecturer: Jun-ichi Kira

(Department of Neurology, Neurological Institute, Graduate  
School of Medical Sciences, Kyushu University)

IE-01-4 Multiple Sclerosis in Taiwan, increased prevalence  
and changing clinical characteristics

Lecturer: Ching-Piao Tsai

(Neurological Institute, Taipei Veterans General Hospital and  
National Yang Ming University, Taiwan)

IE-01-5 Multiple Sclerosis in Africa

Lecturer: Gouider Riadh

(Neurology Department, Razi Hospital, Research Unit UR 12  
SP 21, Tunis, Tunisia)

## International Educational Session 02

IE-02 May 19 (Thu) 8:00~10:00 Room16  
(Kobe International Conference Center [Meeting Room403] 4F)

How to diagnose and treat MMN; an ALS mimic

Chairs: Austin Sumner

(LSU Health Sciences Center, USA)

Jean-Marc Léger

(University Hospital Pitié-Salpêtrière and University Pierre et Marie Curie (Paris 6), France)

IE-02-1 Multifocal Motor Neuropathy

Lecturer: Austin J. Sumner

(LSU Health Sciences Center, USA)

IE-02-2 Electrophysiology and imaging techniques for diagnosis of MMN

Lecturer: Hiroyuki Nodera

(Department of Neurology, Tokushima University)

IE-02-3 Nerve excitability studies and the pathophysiology of MMN: a reappraisal

Lecturer: Hugh Bostock

(Institute of Neurology, University College London, UK)

IE-02-4 Update in short and long-term therapy of multifocal motor neuropathy

Lecturer: Jean-Marc Léger

(University Hospital Pitié-Salpêtrière and University Pierre et Marie Curie (Paris 6), France)

## International Educational Session 03 **E**

IE-03 May 19 (Thu) 15:15~17:15 Room16

(Kobe International Conference Center [Meeting Room403] 4F)

How to Manage Seizures

Chairs: Byung-In Lee

(Department of Neurology, Inje University School of Medicine,  
Korea)

Kiyohito Terada

(Department of Epileptology, Shizuoka Institute of Epilepsy  
and Neurological Disorders)

IE-03-1 When and What is Epilepsy?

Lecturer: Byung-In Lee

(Department of Neurology, Inje University School of Medicine,  
Korea)

IE-03-2 Electroencephalography in Epilepsy

Lecturer: Kiyohito Terada

(Department of Epileptology, Shizuoka Institute of Epilepsy  
and Neurological Disorders)

IE-03-3 Imaging in Epilepsy

Lecturer: Kheng-Seang Lim

(Division of Neurology, Faculty of Medicine, University of  
Malaya, Malaysia)

IE-03-4 Treatment of seizures

Lecturer: Naoki Akamatsu

(International University of Health and Welfare School of  
Health Sciences at Fukuoka/Fukuoka Sannou Hospital,  
Neuroscience Center)

IE-03-5 Uncommon, but important causes of epilepsy and  
seizure

Lecturer: Akio Ikeda

(Department of Epilepsy, Movement Disorders and  
Physiology, Kyoto University Graduate School of Medicine)

## International Educational Session 04

IE-04 May 20 (Fri) 8:00~10:00 Room11

(Kobe International Conference Center [International Conference Hall] 3・4F)

### Movement Disorders Video Session

Chairs: Mitsutoshi Yamamoto

(Takamatsu Neurology Clinic/Takamatsu Institute for  
Parkinson Disease)

Beomseok Jeon

(Department of Neurology and Movement Disorder Center,  
Parkinson Study Group, Seoul National University Hospital,  
Korea)

#### IE-04-1 Video vignettes in the diagnosis of Parkinson Disease

Lecturer: Beomseok Jeon

(Department of Neurology and Movement Disorder Center,  
Parkinson Study Group, Seoul National University Hospital,  
Korea)

#### IE-04-2 Non-PD Parkinsonisms

Lecturer: Werner Poewe

(Medical University of Innsbruck, Austria)

#### IE-04-3 Is this Spasticity, Dystonia, Both or Neither?

Lecturer: Raymond Lotilla. Rosales

(University of Santo Tomas Hospital, Manila, Philippines)

#### IE-04-4 Hyperkinetic disorders

Lecturer: Mitsutoshi Yamamoto

(Takamatsu Neurology Clinic/Takamatsu Institute for  
Parkinson Disease)

#### IE-04-5 Clinical Classification of Myoclonus

Lecturer: Hiroshi Shibasaki

(Kyoto University Graduate School of Medicine)

#### IE-04-6 Paroxysmal Dyskinesias

Lecturer: Louis Tan

(National Neuroscience Institute, Singapore)

## International Educational Session 05 **E**

IE-05 May 20 (Fri) 8:00~10:00 Room16

(Kobe International Conference Center [Meeting Room403] 4F)

Spasticity: A Common But Under-Recognized Condition

Chairs: John Rothwell

(Human Neurophysiology, UCL Institute of Neurology, UK)

Kimiyoshi Arimura

(Okatsu Neurology and Rehabilitation Hospital/Department of Neurology and Geriatrics, Kagoshima University Faculty of Medicine)

IE-05-1 Physiology of post-stroke spasticity

Lecturer: John Rothwell

(Human Neurophysiology, UCL Institute of Neurology, UK)

IE-05-2 Management of Post-Stroke Spasticity

Lecturer: Leonard S.W. Li

(The Univeristy of Hong Kong, Tung Wah Hospital, Hong Kong)

IE-05-3 Practice of Botulinum Toxin Injection

Lecturer: Kimiyoshi Arimura

(Okatsu Neurology and Rehabilitation Hospital/Department of Neurology and Geriatrics, Kagoshima University Faculty of Medicine)

IE-05-4 Dawn of Cybernic Neuro-rehabilitation: Combined Treatment with HAL and Botulinum Toxin Injection

Lecturer: Yoshiyuki Sankai

(Impulsing Paradigm Change through Disruptive Technologies (ImPACT) Program, JST/Graduate School of Systems and Information Engineering, University of Tsukuba/Center for Cybernics Research, University of Tsukuba/Center for Cybernics Research, University of Tsukuba/CYBERDYNE Inc.)

## International Educational Session 06

IE-06 May 20 (Fri) 13:15~15:15 Room16

(Kobe International Conference Center [Meeting Room403] 4F)

Emerging Therapies in ALS

Chairs: Hiroshi Mitsumoto

(Eleanor and Lou Gehrig MDA/ALS Center, Department of  
Neurology, Columbia University Medical Center, USA)

Koji Abe

(Department of Neurology, Okayama University)

IE-06-1 Randomized Clinical Trials (RCT) in ALS: A  
Turning Point

Lecturer: Hiroshi Mitsumoto

(Eleanor and Lou Gehrig MDA/ALS Center, Department of  
Neurology, Columbia University Medical Center, USA)

IE-06-2 Therapeutic Development using Wobbler Mouse, an  
Animal Model of ALS

Lecturer: Ken Ikeda

(Department of Neurology, Toho University Omori Medical  
Center)

IE-06-3 Mechanism of ALS and the clinical neuroprotection  
in Japan

Lecturer: Koji Abe

(Department of Neurology, Okayama University)

IE-06-4 Clinical trials of ultra-high dose methylcobalamin in  
ALS

Lecturer: Yuishin Izumi

(Department of Clinical Neuroscience, Institute of Biomedical  
Sciences, Tokushima University Graduate School)

IE-06-5 Phase I/II Trials of Autologous BM Derived Stem  
Cell Therapy in ALS

Lecturer: Seung Hyun Kim

(Hanyang University Hospital, Seoul, Korea)

## Special Educational Course 01

SE-01 May 18 (Wed) 9:50~10:50 Room12

(Kobe International Conference Center [Reception Hall] 3F)

EMG Hands-On

Organizer/Chair: Toshiaki Hamano

(Department of Neurology, Kansai Electric Power Hospital)

Nobuyuki Hirota

(Department of Neurology, Otsu Municipal Hospital)

SE-01-1 Super EMG

Lecturer: Jun Kimura

(University of Iowa Health Care, USA)

SE-01-2 Threshold tracking

Lecturer: Hugh Bostock

(University College London)

## Special Educational Course 02

SE-02 May 18 (Wed) 13:15~14:15 Room16

(Kobe International Conference Center [Meeting Room403] 4F)

How to write an English Paper

Organizer/Chair: Akira Tamaoka

(Department of Neurology, University of Tsukuba)

Lecturer: Shoji Tsuji

(Department of Neurology, The University of Tokyo)
